Dear Parents

On Tuesday, we will have the opportunity to discuss safety as a school community at a workshop before the board meeting. Teachers, administration, and parents have all noticed that our safety procedures in our main campus parking lot are not being followed. The main violations we are seeing include:

- 1) Parking in the middle of the parking lot across from the Parish Hall and calling children to walk across the line of traffic
- 2) Exiting the main campus parking lot through the middle driveway on Wood St.

We are working to make pick-up run smoothly and need your help to keep our students safe. We also need your help to maintain a good relationship with the church community. When we pull out of

the parking lot via the middle driveway in the morning, we risk accidents with their members who are leaving the morning Mass service.

If you prefer not to pull up in the line in front of the Parish Hall, please park in front of the classrooms and walk in to the cone area to pick up your students.

We look forward to hearing your ideas on Tuesday and appreciate your **cooperation!**
